#### **Submission Requirements:**

Every application for a Development Permit shall be accompanied by a plan, drawn to an appropriate scale and showing:

- The shape and dimension of the lot
- The distance from the lot boundaries to the building or structure proposed to be erected.
- The distance from the lot boundaries and size of every building or structure already erected on the lot.
- The stormwater drainage pattern /management plan.
- Lot plans should also indicate the position of the entrance way to the road.

Where a Development Permit application is submitted for a building or structure, the application must be accompanied by a floor plan of the proposed building and exterior elevation drawings of all sides. The drawings should be to scale or accurately annotated with dimensions.

Some types of development, such as subdivisions, demolition or commercial buildings may require additional information to be provided. Planning Staff will advise of any additional requirements.

All applications for a Development Permit must include a completed Development Permit Form signed by the registered owner of the lot or by the owner's agent, duly authorized in writing to act for the owner.

Please note that application forms that are insufficiently detailed or fall short of the above will not be accepted until they are complete. Should you have any questions please reach out to the planning staff who will be pleased to assist.
